Downtown Lincoln, Nebraska

Jim retired from his technology career in 2022 and is currently working full-time in the Real Estate Industry with his wife and life partner Pat. He brings an extensive career in the Information Technology industry with nearly fifty years of progressive Information Technology experience working with all levels of State and Local government. He has a track record of building and managing productive teams. His technology experience covers all areas of the industry including financial, technical and personnel management.

Previous roles included Management/Director level positions with the Nebraska Office of the CIO (Chief Information Officer) and the CIO for Nebraska Health and Human Services.
