San Antonio river walk

Missy arrived in Texas and San Antonio as soon as she could over 24 years ago. Much like the bumper sticker says " I got here as soon as I could"! She served in the U.S. Navy prior to her career in real estate. She raises standard poodles and loves her backyard chickens. Spending time with her grandkids is at the top of her list. When time permits going on mission trips and giving back to others is really important to her. She has served as Chairman of her local San Antonio Board of

Realtors, Past President of her Local Women's Council of Realtors and past chairman of several committees at the Texas Association of Realtors.
