The View from Betsy's Backyard

Betsy originally, began her career in Charleston, South Carolina, and has lived in several wonderful locales, including Atlanta, Georgia, and Woodstock, Vermont. A frequent visitor to Vail since 1970, she made it her permanent home in 1994. Her diverse background includes extensive experience in the hospitality industry - from ownership of a Historic Bed & Breakfast Inn in Vermont, to the creation and ownership of nightclubs in Vail and Aspen. Combined with her lifelong work in interior design are years of *experience in both residential and commercial real estate sales, development and investment.* **Betsy** is widely recognized, within

AREA as a highly active and effective member and as a person who reaches out and is not afraid to help anyone, anywhere. She loves dogs and among her favorites, one is combo German Shepherd-Corgi ("as strange a combo as one can find") named General George S. Patton, Jr., whom she has taught to accept commands in French. Betsy is an avid Skier, and together with her investment partner and close friend, Jane Alexander, will celebrate their 140th in the summer of 2015.
